

Generating power with pleasure

SEA WASP

Proudly built in
Australia

4.0 K.V.A. Model SW. 3200

Electrical Output

4.0 K.V.A. (3.2K.W. @ 0.8 Power Factor).

Speed

3000 R.P.M. - 50Hz

Voltage Connection

Single (1) Phase, 240 Volt - 50Hz.

Generator Design

Brushless, drip proof construction, 2 pole revolving field, class 'F' Insulation.

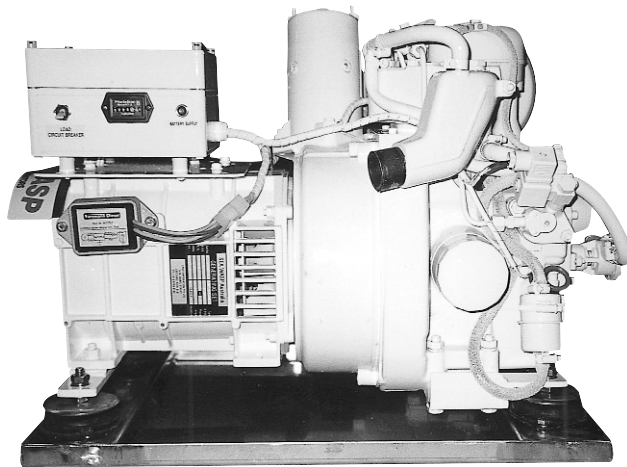

Build Specifications

C.E.I. 2-3, I.E.C. 34.1, U.D.E. 0530, BS 4999.

Generator Output	4.0 K.V.A. (3.2 K.W.)	H.P. Continuous (DIN)	6.0 H.P. @25°C
Generator Model	6.5 K.V.A. Brushless	H.P. Standby	6.9 H.P. @25°C
Engine Model	Farymann 18W	Governing	Mechanical Flyweight
Engine Type	Water Cooled 4 Cycle Diesel	Cooling System	Raw Water Cooled
No. of Cylinders	One (1)	Starting System	Electrical 12V 1.4 K.W.
Bore and Stroke	82 x 55mm	Battery Charging	12V, 750Watt
Total Displacement	290 C.C.	Lub. Oil Capacity	1.01Litres
Full Load Speed	3000 R.P.M.	Fuel Consumption	220g./H.P./h.r.
Fuel Injection Pump	Bosch Direct	Noise Levels (Silenced)	65 dBA @ 5 metres
Operating Angle	20°C in any direction (cont.)		

standard features

- 1 Raw water cooled, Diesel engine.
- 2 Wet exhaust (standard).
- 3 3mm thick zinc steel tray base,
- 4 Anti-vibration mounts (4) fitted.
- 5 12 volt battery charging alternator.
- 6 12 volt D.C. control circuit breaker.
- 7 A.C. load circuit breaker.
- 8 Sump oil pump fitted.
- 9 Engine hours run meter.
- 10 Fuel filter.
- 11 Fuel lift pump (60cms lift).
- 12 High water temperature shutdown.
- 13 Low engine oil pressure shutdown.
- 14 Remote mounting starting module.

optional equipment

- 1 Below waterline anti-syphon installation kit.
- 2 Water lock muffler.
- 3 12 volt D.C. electric fuel pump.

Dimensions

Model	Length L (mm)	Width W (mm)	Height H (mm)	Weight Kg (wet)
SW3200 (4 K.V.A.)				
Open Model	730	390	460	85
Silenced Model	820	490	560	97
